My dear Mrs Garrison

Our friend

Mary Grew encourages me to write you to say that we hope you will accompany Mr. Garrison next week when he comes to attend our Annual Meeting & visit the "household of faith" in this Region. I speak for ourselves & the friends generally that it would give us great pleasure to see you with him; for myself & cousins who form our household that we should

be very happy to receive
you both in Green St. where
we should hope to be able
to make your stay comfortable
for myself it would give
me great pleasure to renew
the pleasant intercourse &
so much enjoyed in your
hospitable home in years
past. Your Uncle will too
we could accommodate
though fine old ladies
would not expect to detain
him, & awhile sorting, from
the excitement & pleasure he
hope he will join with
our young folks, who with
us all are ready to give him
a welcome for his parents
sake & our fond hopes of his
future. May we not have the
pleasure of welcoming you all, &
your Fanny too? - In abounding love
your friend Sarah Pugh
